

The Chronicles of Malcolm Harris: Deliver Us From Evil

You have read Malcolm's story in *Fear No Evil*. His story continues as he battles the remaining clans of vampires in a desperate struggle. What really happened on the night of the Gathering of the Clans? Through faith and courage, and the support of his family and friends, Malcolm crawls back from the brink of despair while clinging to his own sanity. Upon coming back to the estate that he now is the sole owner of, he learns of his vast resources and wealth he has inherited from his mysterious benefactor. Resuming his study of their history, he finds that the Vampire Clans have deep, ancient roots in history. With the aid of a scholar, it is revealed that the Order of the Jackal goes back even further in the past. All Malcolm's enemies want something that Malcolm has in his possession and will do anything to get it. What is it that is so valuable that he would not give up, not even for the life of his beloved? Malcolm is as desperate to find out what it is as much as they are desperate to wrestle it away from him. While protecting this great treasure his enemies seek, he must accomplish near-impossible feats to protect those he loves and accomplish his mission of eliminating the clans.
