

## Inspector Knight - The Gun from Marseille

London, 1936, and Luchetti stepped off a boat from New York. From a snazzy Frith Street nightclub, the Palm Springs, he planned to take over Londons gangland. No sooner had he started to muscle in when someone began to turn over his concerns, and he didnt know who. Knight didnt want a war on the streets, his streets, so he gave Luchetti an ultimatum: get out of town. But Luchetti had only just arrived and he had no intention of returning to New York and the Organisation empty-handed. When the Baby Face Mob hit Luchetti for a second time he decided to do something about it. He brought in a specialist, a gun from Marseille. And Knight was top of the hit-list. Red Ruby was Luchettis girl but she had other plans. She wanted to sit at the top of the table. To do that she had to get Luchetti mad, so mad that he would start taking it out on the gangs he wanted to do business with. That would start the war Knight wanted to prevent. And a war was what Ruby wanted because she would step in and make the peace. For that to happen, Luchetti had to go. Luchetti was expecting a special shipment from New York that would fund his takeover. When this was stolen, the hired gun was let loose on the backstreets of London. But who was the gun working for? And to whom did Ruby owe allegiance?
