

The WESTMINSTER AFFAIR - Book One of a Trilogy: A trilogy set in the halls of Westminster ? the centre of real power in London

The Ayes have it! In the not too distant future the British Government decided to get tough on crime... and morality Their answer for the first is the Office of the Chief Investigator. This force of men and women do not use kid gloves ... or rules, in their fight against crime But to the second... Somebody has poisoned the food at the Palace of Westminster. The Prime Minister of Great Britain is struck down. Is the death connected to the suspected terrorist cell? Can SI-5 and her team find the culprit or have they met their match? Authors Note This story is a work of fiction. The UK does not have a police department called the Office of the Chief Investigator and police officers do not routinely assault their prisoners when interviewing. With the exception of some of the news reporters who are real people, all the characters are a figment of my imagination and any resemblance to any living person is purely coincidental. The events depicted in this book are fictional. This book is dedicated to the memory of my late parents.
