

Roguish Intent: Dungeon Peril: Dark forces gather!

A direct continuation of the previous work of Roguish Intent: Unintentional Heroics. This book follows Valandi and Thera on their adventures, or in this case, finding themselves once again thrust into a world filled with sinister plots, and deepening dangers in which our heroes find themselves coming face to face with! Additional interactions occur, of course, as the tale itself is far from a mundane adventure!
