

Curse of Venus (Morrigans Brood)

From the authors of Morrigan's Brood, Crone of War, Madness & Reckoning, and Dark Alliance comes the continuation of the Morrigan's Brood Series. The Strigoi, the Cursed of Venus, have spread through the Holy Roman Empire, and parts beyond, like a plague. In response, Pope Leo III takes advantage of the scourge to settle an old score with the man he placed on the throne: Charlemagne. The pope leads the papal army into the heart of the empire and demands sovereignty over what he believes is a papal matter. Charlemagne disagrees, and soon papal and imperial forces stand face-to-face across the field of battle. Will their bitter rivalry send the Empire further into chaos and destruction, or will their Dearth Du angels save them from themselves and from Venus Cursed? Continue the journey... the fourth in a series of stories revolving around the Dearth Du through the ages.
