

## Wives of my Father, Rita

Includes FREE audiobook. Look Inside for details. The first of three stories from the, Wives of my Father, series written by Zack Mantri, and edited by Sarah Matalas. Shortly after Markies Dad married wife number three, he disappeared during a photojournalism assignment and was never heard from again. As a result, Markie Bender is faced with the challenge of taking care of his fathers three 20-something ex-wives. These are the stories of Markies magic summer between high school and college during which time, each stepmother would give him valuable lessons about understanding women in the most intimate way possible. Wives of My Father, Rita Beautiful redhead Rita, Markies first stepmother, is a nurse by trade, but with her gorgeous long red hair and beautiful Irish face he always suspected that she was actually as sex model in disguise. Then one day he fell off the ladder while attempting to fix a broken gutter at Ritas house and soon after he discovered that his stepmom Rita was the best nurse he ever had. Her talents really shined during the check of Markies tailbone area, when she became terribly distracted by her stepsons arousal. For Nurse Rita this became one more item to diagnose and care for.
