

## The Trojan Hearse

With a national election going on, Shell Scotts timing might have been less than perfect. Perhaps he did prevent the victory for the shoo-in candidate, but a lot of strange things were happening. There was Polly Plank whom he encountered in her psychiatrists office in her birthday suit. What about the American singing idol, Johnny Tray, who turned up dead? And of course Joe Rice, leader of the Wests underworld, who also wanted Shell under the world too--six feet under! Honored with the Life Achievement Award by the Private Eye Writers of America! (Shell Scott is) as amusingly blithe a figure as the field has seen since the Saint. --Anthony Boucher
