

The Secrets of Filming Swallows & Amazons

The true-life memoir of a child star. In 1973, Sophie Neville was cast as Titty alongside Suzanna Hamilton and Virginia McKenna in the EMI/Theatre Projects movie of Swallows & Amazons. Made before the advent of CGI or digital technology, the young actors lived out Arthur Ransomes epic adventure, with all of its camaraderie and thrills, on location in the British Lake District. As part of their schoolwork, the children were asked to keep diaries about their time spent filming. Meanwhile, the hip young crew from Elstree Studios were getting to grips with transforming 1970s Windermere in mid-holiday season into a 1929 idyll. They never guessed that their happy Woodstock-on-wheels experience would become such an enduring worldwide success, still screened on television and at festivals today. This heart-warming memoir is illustrated with colour photographs, most of them taken at the time by Sophies family, and contains links to behind-the-scenes home movie footage for readers with browser-enabled tablets. It delivers a double helping of nostalgia for both fans of the era of Arthur Ransome, and the groovy times of the early 70s. A treasure trunk of insights into the making of the film. Arthur Ransome Trust I could not put it down! I think the maps are brilliant, right in character. ITS LOVELY!!!

Im enjoying it too much. Roger Wardale, biographer of Arthur Ransome It is wonderfully entertaining. Richard Pilbrow, Producer, Swallows & Amazons 1973

You write so well and have so much covered. I really, really laugh reading this! The missionary bit is superb. Moving. Quietly so. Suzanna Hamilton, Mate Susan in Swallows & Amazons Sophie has reminded me of one of the happiest times I ever spent on a film. The fun that was had, the friendships forged, the challenges overcome, are all delightfully recalled with a freshness and sense of adventure that has

made me smile all over again. Virginia McKenna, OBE, actress and founder of Born Free Foundation
