

## Zoned (Volume 1)

What a storyteller! Cee Brooks can create a scene like nobodys business! She kinda invites you in and lets you curl around her stories like a kitten around a cozy fire. Yeah, it was just that good. Zoned is about Raine; shes twenty-something, tired of her dead-end job and tumultuous relationship with her long-time boyfriend, and is just plain ready for more. And just like that, life mysteriously responds to her readiness. Cee Brooks keeps it real! Real life and emotions of a woman, real love of self, real dramas of life and we want more! Really, does it get any better than this?
