

The Confessions of Jonathan Flite (Volume 1)

Jonathan Flite claims to have memories he can't explain. Seven layers of them, to be exact, all belonging to a group of teenagers who disappeared from a place called Idle County in 2010 ten years before his birth. Seventeen years of anxiety, violent outbursts, and refusal to admit he is lying have landed him at Crescent Rehabilitation Center, a seaside juvenile center for rich kids, and nobody has ever dared to believe his memories might be real. Until now. On a blustery November day just three months after a nuclear terrorist attack in Geneva, Switzerland, ex-CIA psychiatrist Thomas Lumen arrives at Crescent to interview Jonathan for a book about Idle County. Fueled by his personal connection to the disappearances three decades earlier, he asks Jonathan to share what he knows anything and everything. By reigniting this thirty-year-old mystery, however, Jonathan inadvertently becomes a target of the very same religious terrorists who attacked Geneva, and they'll stop at nothing to keep the secrets of Idle County under wraps. Jonathan must then make a choice: to continue telling his story, or risk the safety of everyone he loves.
